# Why you should take part?

## What participants from the last semester say about the project:

This voluntary work is a pleasant balance to everyday university life. You get to know lots of great and interesting people. I learn to take on responsibility, coordinate projects and exchange ideas with other people.

“I really appreciate the fact that I could always participate in all events when I wanted to and push them further, organize them and carry them out. Of course, the international exchange is particularly exciting and you get to know a lot of new people while at the same time contributing to the integration and networking of everyone.”
