What is it about?

Youngcaritas organizes **workshops on socially relevant topics in schools**. For example, we enable young people to experience disability or learn about the Sustainable Development Goals.

Caritas is the largest welfare organization in Germany and organizes the social work of the Catholic Church. The organization also operates 88 daycare centers.

What do I have to do?

You choose one of our workshops and participate in it with your tandem partner. In coordination with youngcaritas, you contact two schools to schedule dates. Together with the youngcaritas facilitator, you attend the first session to conduct the workshop. Once you feel confident, you can conduct the remaining sessions independently as a tandem. If you still want support, the youngcaritas facilitator will accompany you. Make sure that the schools are easily accessible to you, for example, by public transport.
