Kick-Off, 25.Oktober,
4:30 pm, ITZ

What is the project about?

Imagine a world that has a future for everyone. Imagine a world where we grow together through our differences. Imagine a community where we shape this world together.

Education is a **fundamental right** and **equal opportunities** are the foundation of a **democratic society**. The primary goal of **himmelblau e.V.** is therefore to provide education to **children and young people**, giving them a clear and **reassuring outlook on their future**, showing them with joy and confidence a path to a **content and happy life**, and making **education desirable and attainable** for them through **support, measures**, and the best possible assistance, with the right 'tools'."

What do I have to do?

Are you a creative social media expert and do you want to make a difference?

himmelblau e.V. is looking for creative **social media experts** to manage and actively help shape the social media channels of himmelblau. The main tasks include updating current passion projects and announcing new passion projects on **Instagram and Facebook**. himmelblau e.V. would also greatly appreciate proactive creative ideas to help shape the organization's social media presence. Knowledge of German is required for this.
