

Registration and withdrawal deadlines for end-of-semester examinations

in winter semester 2024–25 [announcement date: 18 July 2024]

Please note the following information:

- You **must register** during the registration period for all exams you intend to sit in a given semester. You will not be allowed to sit an exam for which you have not registered.
- If any exam or registration modalities other than the standard modalities apply to your exams, these will be announced in the relevant courses, on the chairs' websites or in Stud.IP.
- [Applications for exam access arrangements](#) and [mark improvement](#) (if permitted by the study and examination regulation) must be submitted to the Examinations Office during the regular exam registration period.
- You can only register in the Campus Portal if your course/module is listed in Stud.IP under “Module assignments” in the course view. If the course/module is not correctly assigned to your degree programme, please contact the chair and ask them to make the necessary corrections.
- Furthermore, you will not be able to register in this way if there is still an open registration from the previous semester. If that is the case, please contact the respective chair directly so that the open registration can be booked.
- Notes on resits during a leave semester:
 - During your leave semester, you may only resit exams you have previously failed.
 - You cannot resit passed exams for mark improvement during a leave semester.
- Please verify that your exam registrations have been **successful** on-screen or by checking the “Registered exams” list. Subsequently, print out proof of registration from the Campus Portal.
- **Please make sure you are within the relevant deadlines. You will not be able to register for exams after the registration deadline, nor will it be possible to withdraw your registrations after the withdrawal deadline.**
- Please contact the [examination officer for your degree programme](#) if you need help registering.
